### **Back ground of the Project**

India Health Action Trust (IHAT) aims at improving public health initiatives by supporting programs nationally and globally through providing comprehensive technical assistance in program planning, management and monitoring. IHAT has set up a Technical Support Unit (TSU) for the Government of Uttar Pradesh to provide techno-managerial assistance to improve the coverage of key reproductive, maternal, newborn, child health and nutrition (RMNCHA+) interventions and services in the state from the funding support of Bill & Melinda Gate Foundation (BMGF) through University of Manitoba (UOM), Canada.

The nurse mentors are expected to work at the health facilities at district/block/ sub-block level to interact with the health facility staff, facilitate self-assessment exercises and action planning, identify mentoring needs and provide onsite mentoring to delivery point staff. For this they will be provided training by UP TSU.
