

## Annexure-1

S.No	Competency Code	Competency label	Level	Discription	Content Available on	Reference	Type of CBP required	Duration of Video (tentative)
1	ME1	Pregnancy Identification	L1	Understands initial assessment protocols for PW during ANC	E-Kshamata	<a href="https://drive.google.com/drive/folders/1-JaQeTDCwv3dQvz-ZppcVWjRAOimZc">https://drive.google.com/drive/folders/1-JaQeTDCwv3dQvz-ZppcVWjRAOimZc</a>	Infographic Video	3-5 mins
			L1	Understands HRP identification and protocol for tracking	E-Kshamata	<a href="https://drive.google.com/drive/folders/1-JaQeTDCwv3dQvz-ZppcVWjRAOimZc">https://drive.google.com/drive/folders/1-JaQeTDCwv3dQvz-ZppcVWjRAOimZc</a>	Infographic Video	3-5 mins
			L2	Knows when to conduct pregnancy test	E-Kshamata	<a href="https://drive.google.com/drive/folders/1f6MifehtXnme2RjaSRQK-Jddiqcl9FA">https://drive.google.com/drive/folders/1f6MifehtXnme2RjaSRQK-Jddiqcl9FA</a>	Infographic Video	1-3 mins
			L2	Interprets the result of pregnancy test from the Nischay Kit	E-Kshamata	<a href="https://drive.google.com/drive/folders/1f6MifehtXnme2RjaSRQK-Jddiqcl9FA">https://drive.google.com/drive/folders/1f6MifehtXnme2RjaSRQK-Jddiqcl9FA</a>	Demonstration Video	3-5 mins
			L3	Knows obstetric checkup of the woman as per protocol Knows LMP, GLA, medical, surgical and family history Knows the physical examination to be done during ANC like BP,temperature, pallor, edema and per abdomen knows the tests to be done during pregnancy knows the interventions during pregnancy Knows calculation of EDD Knows obstetrical grips Understands Danger signs Knows about the Dietary Advice that should be provided to PW Knows about the Medication Advice that should be provided to PW	Induction training module for staff nurse	<a href="https://drive.google.com/drive/folders/1f6MifehtXnme2RjaSRQK-Jddiqcl9FA">113-116.</a> <a href="https://drive.google.com/drive/folders/1FK-mr1oX76iP2QoQFNm3wL56PLb94qOh">https://drive.google.com/drive/folders/1FK-mr1oX76iP2QoQFNm3wL56PLb94qOh</a>	Infographic Video	6-9 mins
			L4	Conducts obstetric checkup of the woman as per protocol Asks for LMP, GLA, medical, surgical and family history Perform the physical examination to be done during ANC like BP,temperature, pallor, edema and per abdomen Performs the tests to be done during pregnancy like Hb, urine , blood group, HIVetc Administers inj Td , IFA, calcium, albendazole during pregnancy Calculates EDD Assesses danger signs Provides Dietary Advice to PW Provides Medication Advice to PW	Induction training module for staff nurse & e-Kshamata	<a href="https://drive.google.com/drive/folders/1n42GPIlohHA-TUAIqMdpaxiY7rbFp2XPJ">113-116.</a> <a href="https://drive.google.com/drive/folders/1n42GPIlohHA-TUAIqMdpaxiY7rbFp2XPJ">https://drive.google.com/drive/folders/1n42GPIlohHA-TUAIqMdpaxiY7rbFp2XPJ</a>	Infographic Video	3-5 mins
			L5	Identifies ANC which qualify as HRP based on history, examination, investigations and refers them to higher centre	Induction training module for staff nurse & e-Kshamata	121. <a href="https://drive.google.com/drive/folders/19Hb9-67jvAjigolieHDnEmc2BzKQSI7w">https://drive.google.com/drive/folders/19Hb9-67jvAjigolieHDnEmc2BzKQSI7w</a>	Infographic Video	3-5 mins
2	ME7	Essential Newborn Care	L1	Understands protocols of essential new-born care (establishing respiration, STSC, delayed cord clamping and early initiation of breastfeeding) Understands temperature regulations and consequences of hypothermia	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">49-51, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	6-9 mins
			L1	Understands technique of weighing newborn	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">49-51, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
			L2	Understands infection prevention protocols	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">49-51, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
			L2	Understands protocol of vitamin K1 administration Understands how to maintain warm chain	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">49-51, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
			L3	Performs essential newborn care Supports patient in early initiation of breastfeeding Administers injection vitamin K1 as per weight of newborn	Navjaat Shishu Suraksha Karyakram, Staff Nurse Training Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">139 (SNTM), 50 (NSSK), https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Demonstration Video	3-5 mins
			L4	Identifies danger signs for newborn resuscitation Detects conditions related to cord, skin, eye and temperature of new-born	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">32, 50-52, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
			L5	Assesses if referral to higher facility is required Conducts pre-referral management	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">32-39, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins
3	ME12	Management of emergency signs in newborns	L1	Recognises emergency signs -Comprehends initial assessment required to detect emergency signs	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">21-31, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins
			L2	Understands management of newborn with emergency signs	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">32-40, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins
			L3	Performs assessment of emergency signs -Performs bedside diagnostics (Blood Glucose level and SpO2)	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">32-40, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins
			L4	Takes common actions (Maintain Temperature, clear airway, treat hypoglycaemia) for stabilizing child with emergency signs	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">32-40, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins
			L5	Assesses if referral to higher facility is required -Conducts pre-referral management	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">43-47, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins

S.No	Competency Code	Competency label	Level	Description	Content Available on	Reference	Type of CBP required	Duration of Video (tentative)	
4	ME22	Breastfeeding	L1	Understands early breastfeeding in newborns -Understands conditions associated with breastfeeding -Understands indications and ways of assisted breastfeeding -Knows the expression and storage of breastmilk -Understands common breast conditions	Guidelines for Antenatal Care and Skilled Attendance at Birth by ANMs/LHVs/SNs	<a href="https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf">31-32, https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf</a>	Infographic Video	6-9 mins	
			L2	Interprets early breastfeeding protocols (positions, good attachment) and adequacy of breastfeeding -Understands issues in breastfeeding -Comprehends the amount and scheduling of breastfeeding	Guidelines for Antenatal Care and Skilled Attendance at Birth by ANMs/LHVs/SNs	<a href="https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf">31-32, https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf</a>	Infographic Video	3-5 mins	
			L3	Understands methods of counselling -Understands appropriate breastfeeding methods for conditions -Understands feeding via spoon, paladai or gavage feeds	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">54-57, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins	
			L4	Identifies a situation and counsels client on appropriate breastfeeding methods -Counsels and manages common breast conditions -Assists client on breastmilk expression -Plans and provides breastmilk feed via spoon or paladai or gavage feeds	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">54-57, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins	
			L5	Supports client in appropriate breastfeeding methods -Monitors newborn for assessment of adequacy of feeding -Takes action based on complications -Monitors breastmilk storage conditions	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">57-58, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins	
5	ME26	Pre-referral management and transportation (including neonates)	L1	Understands referral identification -Understands the needs of referral -Understands referral management -Understands stabilisation methods prior to transport of neonates -Understands the importance of stabilisation methods before transportation of patients including neonates	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">43-47, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	6-9 mins	
			L2	Understands referral counselling -Comprehends referral support -Understands pre-referral protocols -Understands prevention protocols for hypothermia, hypoglycaemia and hypoxia in neonates -Understands the pre-requisites of a referral -Understands the role of nurses in making referrals	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">43-47, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins	
			L3	Identifies indications for referral -Identifies different pre-referral management techniques -Provides pre referral management as per protocols	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">32-39, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins	
			L4	Providing the counselling to the client and family members for the need and importance of referral. - Commencing the referral process. - Maintains the warm chain for neonates. - Stabilises the patient prior to transportation (including neonates)	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">43-47, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins	
			L5	Refers the patient to appropriate facility by using the free of cost referral transportation provided by the Government. -Communicates to the client and family members about neonate transportation - Providing proper documentation and reports as pre-referral management procedure. - Ensure the medical support including the life support equipments and essential drugs during the transportation with proper and appropriate instructions to the family members and EMT's -Organises referral of the client to the appropriate facility -Manages back referrals	Newborn Stabilization Unit Training Participant's Module	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf">43-47, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NBSU/NBSU-Participants-Module.pdf</a>	Infographic Video	3-5 mins	
6	ME11	Emergency Triage Assessment	L1	Comprehends protocol of Triage -Understands definition and concept of triaging -Understands need and importance of triaging -Understands staffing requirements for Triage -Is aware of any further infrastructural requirements for triage	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">16, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	3-5 mins	
			L2	Understands rapid assessment -Understands categories/groups -Recognizes the relevant laboratory investigations for each group -Interprets management / action plan for each sign -Understands the drugs/equipment required	Mini-Skill Lab Guidelines for Mentoring and OSCE by Nurse Mentors		34	Infographic Video	3-5 mins
			L3	Assesses through rapid screening categorisation of mothers into groups based on emergency and priority signs -Conducts relevant diagnostic tests - HIV, HB, Blood Sugar, Syphilis. -Conducts emergency resuscitation and management -Creates action plan for each sign	Mini-Skill Lab Guidelines for Mentoring and OSCE by Nurse Mentors	33-44		Infographic Video	3-5 mins
			L4	Manages mother as per findings	Mini-Skill Lab Guidelines for Mentoring and OSCE by Nurse Mentors	33-44		Infographic Video	3-5 mins
			L5	Assesses if referral to higher facility is required -Conducts pre-referral management	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">17, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>		Infographic Video	3-5 mins

S.No	Competency Code	Competency label	Level	Description	Content Available on	Reference	Type of CBP required	Duration of Video (tentative)
7	ME15	Post-natal/partum care	L1	Understands care beyond birth -Interprets post-natal period based on guidelines	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">49, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
			L2	Understands danger signs in post-natal period -Understands breastfeeding, cord, skin of mother and newborn -Comprehends appropriate treatment pathways through guidelines -Understands referral pathways based on danger signs	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">54, 64, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
			L3	Observes vitals of mother and newborn -Monitors mother and newborn timely -Identifies danger signs	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">45, 52, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
			L4	Provides appropriate care to mother -Counsels mother based on danger signs -Maps referral pathway for high risk cases	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">45-55, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
			L5	Schedules post-natal follow up visits based on records -Follows-up in cases of referral	Navjaat Shishu Suraksha Karyakram	<a href="https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf">68, https://nhm.gov.in/images/pdf/programmes/child-health/guidelines/NSSK/NSSK-Resource-Manual.pdf</a>	Infographic Video	3-5 mins
8	ME19	Assessment and management of danger signs in sick young infant/sick child	L1	Understands bacterial infections, jaundice, diarrhoea, feeding problems and malnutrition in sick young infants -Understands pneumonia, diarrhoea, febrile illness, anaemia, malnutrition, ear problems in sick child -Understands danger signs and classification based on signs in sick young infants -Understands danger signs and classification based on signs in sick child	Facility Based Newborn Care	<a href="https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf">31-35, https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf</a>	Infographic Video	6-9 mins
			L2	Understands management protocols of different conditions in sick young infants -Understands management protocols of different conditions in sick child	Facility Based Newborn Care	<a href="https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf">20, https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf</a>	Infographic Video	6-9 mins
			L3	Assesses sick young infants based on signs presented -Assesses sick child based on signs presented	Facility Based Newborn Care	<a href="https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf">20, https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf</a>	Infographic Video	3-5 mins
			L4	Identifies treatments based on condition of sick young infant -Identifies treatments based on condition of sick child	Facility Based Newborn Care	<a href="https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf">21, https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf</a>	Infographic Video	3-5 mins
			L5	Provides treatment based on assessment for sick young infant -Refers to higher facility after pre-referral management for sick young infant -Provides treatment based on assessment or refer to higher facility after pre-referral management for sick child -Refers to higher facility after pre-referral management for sick child	Facility Based Newborn Care	<a href="https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf">21, https://nhm.gov.in/images/pdf/programmes/CH-Programmes/FBNC/Operational-Guide-(FBNC).pdf</a>	Infographic Video	3-5 mins
9	ME34	OT protocols	L1	Understands the importance of disinfection of OT and pre-operative ward -Understands the Chemicals in appropriate strength used for disinfection of OT -Recognises the cleaning protocols of tables, trolleys, lights and other equipments of OT	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">36, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	3-5 mins
			L2	Understands the importance of Surgical hand- washing -Knows the steps of surgical hand-washing -Knows the steps of PPE Donning-Doffing	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">194, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	1-3 mins
			L3	Understands the importance of sterilization of OT and equipments -Understands the Chemicals in appropriate strength used for sterilization of OT -Recognises the sterilization protocols for OT equipments -Understands the importance of sterilization of linen and instruments -Knows the various methods of physical and chemical sterilization of linens and instruments -Knows how to wrap instruments, linen and operate autoclave	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">39, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	6-9 mins
			L4	Performs surgical hand-washing and Donning- Doffing of PPE -Cleans equipments of OT as per protocol -Performs OT sterilization periodically as per protocol -Packs and sterilizes linen and instruments in autoclave	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">39, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	3-5 mins
			L5	Ensures that entire surgical adheres to the handwashing and donning-doffing of PPE protocol -Supervises the ancillary staff in disinfection of the OT equipment -Organizes OT as per 4 zones and send periodic OT swabs -Maintains records of instruments, equipment and linens by using chemical and biological indicators	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">39, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	3-5 mins
10	ME35	Pre, intra and post-op care	L1	Understands the components/protocols of pre- op care -Understands the logistics required for pre-op care -Knows the do's and don't's of pre op care	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">39, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	6-9 mins
			L2	Knows about anaesthetic drugs, instruments -Knows the drug names, dose, and route for different types of anaesthesia -Recognises instruments and sutures for different types of surgeries -Recognises the safe surgical and safe anaesthesia checklist	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">39, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	6-9 mins
			L3	Understands the protocols of immediate care after surgery (keeping wound clean & dry, managing swelling etc.) -Knows about transfer protocols while transferring patient from OT to ward (or recovery room) -Understands the time taken to recover after specific anaesthetic drug injection	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">40, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	6-9 mins
			L4	Takes written consent from patient -Provides pre-medications -Prepares the patients physically and emotionally -Provides care of invasive and non-invasive catheters -Identifies any deviations from prescribed pre- op instructions, eg- patient is not nil oral, shifted to OT without written consent, case file not sent with the patient etc. -Prepares anaesthesia trolley and surgical trolley for the assigned surgery	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">29, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	3-5 mins
			L5	Performs post operative observation and nursing care -Follows post operative orders provided by the surgical head -Observes and identifies any post-op complications, prevention and management -Fills safe surgical checklist for every surgery	Induction training module for staff nurse	<a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf">40, https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20Training%20Module.pdf</a>	Infographic Video	3-5 mins

S.No	Competency Code	Competency label	Level	Description	Content Available on	Reference	Type of CBP required	Duration of Video (tentative)
11	ME68	Midwifery and obstretical nursing	L1	-Remembers the trends and vital statistics related to maternal & neonatal health in state & India -Remembers the definition and indication of induction of labour, manual removal of placenta, forceps delivery, vacuum extraction, caesarian section, sterilisation, manual vacuum aspiration, dilatation and evacuation -Remembers post abortion care	Guidelines for Antenatal Care and Skilled Attendance at Birth by ANMs/LHVs/SNs	90, 71-84, <a href="https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf">https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf</a>	Infographic Video	6-9 mins
			L2	Understands the basic competencies of ANM/GNM -Understands the role of a ANM/GNM in assisting during induction of labour, manual removal of placenta, forceps delivery, vacuum extraction, caesarian section, sterilisation, manual vacuum aspiration, dilatation and evacuation -Understands the role of a ANM/GNM in providing during post abortion care	Guidelines for Antenatal Care and Skilled Attendance at Birth by ANMs/LHVs/SNs	74, <a href="https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf">https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf</a>	Infographic Video	3-5 mins
			L3	Interprets the indication, dose, action, contraindication, side effects in the administration of drugs used in obstetrics -Interprets the indication, dose, action, contraindication, side effects in the administration of drugs used for newborns -Interprets the effects of drugs on mother and newborn- teratogens	Guidelines for Antenatal Care and Skilled Attendance at Birth by ANMs/LHVs/SNs	52, 78, 116, <a href="https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf">https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf</a>	Infographic Video	6-9 mins
			L4	Assists the clinical practioner during induction of labour, manual removal of placenta, forceps delivery, vacuum extraction, caesarian section, sterilisation, manual vacuum aspiration, dilatation and evacuation -Assists the clinical practioner during post abortion care Administration of drugs	Guidelines for Antenatal Care and Skilled Attendance at Birth by ANMs/LHVs/SNs	71-84, <a href="https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf">https://nhm.gov.in/images/pdf/programmes/maternal-health/guidelines/sba_guidelines_for_skilled_attendance_at_birth.pdf</a>	Infographic Video	3-5 mins
			L5	Maintains record of procedures done	Induction training module for staff nurse	212, <a href="https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20training%20Module.pdf">https://upnrhm.gov.in/StaffNurseTraining/Staff%20Nurse%20training%20Module.pdf</a>	Infographic Video	3-5 mins
12	M20	Immunization services	L1	Understands pediatric immunisation including birth doses and cold chain	Immunization Handbook for Health Workers 2018	<a href="https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf">https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf</a>	Infographic Video	6-9 mins
			L2	Is aware of government protocols -Understands post vaccine complications -Understands adverse events -Recognises process of documentation	Immunization Handbook for Health Workers 2018	<a href="https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf">https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf</a>	Infographic Video	6-9 mins
			L3	Plans vaccine schedule -Administers timely vaccination as per protocol	Immunization Handbook for Health Workers 2018	<a href="https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf">https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf</a>	Infographic Video	3-5 mins
			L4	Assesses adverse events/ side effects Manages adverse events/ side effects	Immunization Handbook for Health Workers 2018	<a href="https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf">https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf</a>	Infographic Video	3-5 mins
			L5	Provides pre referral stabilization -Refers to appropriate facility using free referral transport	Immunization Handbook for Health Workers 2018	<a href="https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf">https://www.nhm.tn.gov.in/sites/default/files/documents/ImmuHBforHW2018.pdf</a>	Infographic Video	3-5 mins
13	ME24	Dietary requirements	L1	-Remembers the meaning of food, nutrition, nutrients etc. -Remembers the concept of food habits and customs. -Remembers factors affecting nutrition. -Remembers relationship between nutrition and health -Remembers classification of food including by origin, by chemical composition and sources, by predominant functions, and by nutritive value. -Remembers diseases and disorders caused by nutritional imbalance -Remembers the concept of community nutrition. -Remembers nutritional problems and programs in India. -Remembers various national and international food agencies and their functions.	Fundamentals of Foods, Nutrition and Diet Therapy	3-26, 141-157, 185-204, 205-212 <a href="https://alraziuni.edu.ve/uploads/pdf/fundamentals-of-foodnutrition-and-diet-therapy.pdf">https://alraziuni.edu.ve/uploads/pdf/fundamentals-of-foodnutrition-and-diet-therapy.pdf</a>	Infographic Video	6-9 mins
			L2	-Understands concepts of energy and its application including concepts of BMI, BMR - their determination and factors affecting -Understands concept of balanced diet -Understands budgeting for food, low cost meals and food substitutes. -Understands concepts of food allergy, diet modifications and food intolerance including inborn errors of metabolism.	Fundamentals of Foods, Nutrition and Diet Therapy	70-86, 141-158, 350-354 <a href="https://alraziuni.edu.ve/uploads/pdf/fundamentals-of-foodnutrition-and-diet-therapy.pdf">https://alraziuni.edu.ve/uploads/pdf/fundamentals-of-foodnutrition-and-diet-therapy.pdf</a>	Infographic Video	6-9 mins
			L3	-Describes the concept of therapeutic diet and diet modification with regards to various medical and surgical condition of the individual including PEM, CVDs, Hepatitis, Renal, Gouts, IBS, Obesity, Cholecystectomy, partial gastrectomy, gastronomy, bariatric surgery, and colostomy etc. -Describes the concept of special diet and its types in a patient care setting. -Recognises factors affecting diet acceptance and feeding the helpless patients. -Recognises and elaborates the significance of health education on nutrition needs and methods in diet modification.	Fundamentals of Foods, Nutrition and Diet Therapy	257-355 <a href="https://alraziuni.edu.ve/uploads/pdf/fundamentals-of-foodnutrition-and-diet-therapy.pdf">https://alraziuni.edu.ve/uploads/pdf/fundamentals-of-foodnutrition-and-diet-therapy.pdf</a>	Infographic Video	6-9 mins
